MANUFACTURING FACILITY

Quality is embedded in the very core of our company value. Our ISO/TS16949 certified facility implements state-of-the-art machineries, materials and processes to produce high quality products.

As an OEM and Aftermarket manufacturer, we produce products with great efficiency and quality. We adopt the manufacturing procedure and product Quality Standard according to First Automobile Works (FAW) which manufactured Audi & Volkswagen in China. TRW Aftermarket and Geely LTI China also contributed to our procedures and QC systems. Testing is conducted in standard operation condition and testing procedure is done in comparison with the O.E. products. Manufacturing lead time is generally one month.

We have control of all the manufacturing processes since they are done in-house. From raw material, molding, to surface finish, CNC, and heat treat, we can control every manufacturing processes.

Our robust testing procedures ensure High Quality products. It undergoes fitting, duration and long term performance testing before sending to customers. Testing like Salt Spray, 3-D Dimensional Check, Bushing Endurance, Ball Pin Roundness are done constantly.

We take pride on producing great suspension parts and our customers experience great results and satisfaction from us.
